

DATA SHEET

# IdentityIQ Service Upgrade, Health Check and Migration Plan

iC Consult helps our clients strategize, design, and implement IGA Programs that are based upon industry best-practices and years of experience. The first step is understanding where you are today and what your IGA Program goals are for the immediate and long-term.

Our SailPoint IdentityIQ upgrades and migration plans are tailored to meet the needs of any size organization, regardless of where you are in your IGA journey. The goal of these upgrades and migration plans is to provide best practice processes to help keep your IGA environment current and help plan for the next step in your IGA journey.

# IdentityIQ Service Upgrade

SailPoint IdentityIQ

## Service Upgrade

Provides upgraded IQService using best practices such as backup, discovery to understand environment prior, and verification.

3-5 weeks

SailPoint IdentityIQ

## Service Upgrade and Health Check

Provides everything in Service Upgrade + best practices checklist rundown per IQService instance, analysis and readout report on current service environment as well as recommendations.

About iC Consult

# Identity that Delivers.

iC Consult was founded with the goal of raising the bar and changing the status quo in Identity Management Consulting and Professional Services. Our proprietary methodology and approach were developed under the premise of doing a few things but doing them better than anyone else. Our select list of IAM/PAM software partners are best-of-breed technologies.

The iC Consult advantage is perspective. Our management and consulting team come from a variety of industry backgrounds, including financial services, healthcare, government, manufacturing, consulting, and transportation. We have been on both sides of the desk, and we understand the realities and challenges of a successful Identity Program. Our goal is to work collaboratively as an extension of your team to achieve your Identity Program goals.
